

Residential Attic/Roof Insulation Rebate *Form*

Powering New Mexico. Together

Thank you for participating in the Home Energy Checkup Program. To avoid any delays in receiving your rebate, please ensure that the application is completed in its entirety.

Required Documents

- This completed rebate form
- A copy of the invoice stating the pre-existing R-value, added R-value, and square footage covered

Eligibility Requirements

- Insulation must be installed by a participating contractor. For a complete list, visit pnmhomecheckup.com/contractors.
- A PNM Home Energy Checkup is required prior to a qualified insulation project and must have been completed in the last 10 years.
- This form, along with the required supporting documentation, must be submitted within six months of the attic/roof insulation installation on the dated sales receipt or contractor invoice.
- The qualified insulation must be installed within the PNM service territory and at the address where the PNM Home Energy Checkup was completed.

Customer Information

Please fill out this form completely. All information is required.

Refrigerated Air Conditioning					10% of cost up to \$200, excluding tax	

*To qualify for the Evaporative Cooling with Electric Heat rebate, the heating system type must be electric.

Rebate Terms and Conditions

- Insulation must be installed by a participating contractor in a residence that receives PNM residential electrical service, as evidenced by the PNM customer account number.
 - To qualify for rebates, the R-value of the existing roof/attic insulation must be R19 or less and the insulation installed must be R19 or greater.
 - Customer must submit (i) a completed rebate application form, and (ii) a copy of the original invoice/receipt. Invoice/receipt must include the R-value of the pre-existing insulation, R-value of the insulation installed, and heated square footage covered.
 - Flat-roofed homes: Insulation added to the roof deck will qualify for incentives when the attic space is converted into an unvented, conditioned space. Insulation in the existing attic must meet program requirements. If contractor converts existing attic space into an unvented, conditioned space, description of work must be stated on invoice.
 - Rebates will be processed and paid on a first-come, first-served basis. Rebate will be processed in approximately 6 to 8 weeks. Terms and conditions are subject to change without notice.
- If rebate is transferred to contractor, both customer and contractor must sign invoice.

Sign to accept the Terms and Conditions of the program

I hereby certify that all information provided here is true and correct and that I am the owner/occupant of the home in which the insulation is installed. I have read all terms and conditions and accept that PNM has the right to inspect the insulation listed on the attached receipt(s). I acknowledge that the PNM rebate program is a limited offer and is subject to the availability of funds, and that rebate amounts may change without notice.
